Dear Ms McDonagh:

Thank you for approving our grant for the training funds for the Introduction to Bookkeeping and Quickbooks. At this time we are going to refuse the grant due to not having enough participants. Originally we had targeted for 10 members to take the class and we have only received one tribal member and four individuals from the public sector. As for our training area it ended up being held in our offices rather than the library and five individuals are all we are able to accommodate.

Thank you again.

Sincerely,

Theresa M Raven
